Model	Description
CMPTLGT	Dome light for compartment.
INSTCMPTLGT	Install dome light. Per compartment.

### LED Strip Lighting Kits

Model	Application
BLTKLED60	40" - 60" CA bodies – 6 compartments
BLTKLED84	84" CA bodies – 8 compartments
BLTKLED60T	40" - 60" CA top opening bodies- 6 compartments and 2 top opening compartments
BLTKLED84T	84" CA top opening bodies – 8 compartments and 4 top opening compartments

Each kit Contains:

Easy to install adhesive backed IP 65 rated LED light strips - (one strip for each vertical and horizontal compartment).

Door activated switches, which turn the light on when the compartment door is opened,

Brackets to attach switches to the service body and connectors for easy joining of wires.

For service bodies with the #2 door arrangement, an additional strip may be ordered for optimal illumination, consult factory for pricing.
