INSTTBTC	Install Tool Box Tray in Curbside front compartment			
INSTTBTS	Install Tool Box Tray in Streetside front compartment			

Improvements

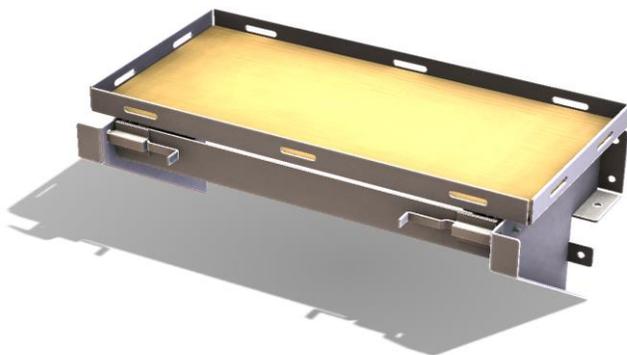

- Lower profile means 2-1/4" more available height.
- Floor mount now allows for open space on either side.
- Improved manufacturing means a more consistent product.
- Slots in tray allow for equipment tie-downs.

Standard Specifications

- 10 gauge hot rolled steel construction.
- Full extension drawer slides.
- Plywood lined tray bottom.
- Epoxy primer for customer finish.
- Standard RKI lifetime warranty.

TBT1 with full slide extension.

TBT5 with offset mount

TBT1 with floor mount
